ABSTRACT

The sheets list sources of assistance for children and youth with handicaps in the 50 states and five U.S. territories. Organized alphabetically by state, listings typically include information on the following resources: state department of education, state vocational rehabilitation agency, office of state coordinator of vocational education for handicapped students, state mental health agency, state mental retardation programs, state developmental disabilities program, protection and advocacy agency, crippled children's services, agencies for specific disabilities (such as autism, cerebral palsy, emotional disturbance, learning disabilities, mental retardation), and university affiliated facilities. Information is also presented for ages of eligibility for educational services. (CL)

AGES OF ELIGIBILITY

Children in this state are eligible for educational services between the ages of 5 and 21. Services below age 5 are permissive, but many school districts provide such on their own or in conjunction with another public agency.

These listings were collected in the Fall of 1983 with the help of NASDSE and the Office of the State Director of Special Education in your state. We thank them for their cooperation. If you discover a change in addresses or telephone numbers as you use this list, please take a moment and let us know at P.O. Box 1492, Washington, D.C. 20013.

This information was developed pursuant to contract #300-82-0247 with Special Education Programs of the U.S. Department of Education.
